

SeeSnake® microReel™ APX™ with TruSense® Technology

Optimize your inspections with the RIDGID® SeeSnake® microReel™ APX™ with TruSense® Technology – designed with a lightweight, compact profile for easy portability. APX camera functionality provides bright LED lights and auto-flip imagery, ensuring clear, upright images. Paired with TruSense® technology, this tool delivers the industry's best in-pipe image.

- APX offers bright LEDs with high color accuracy and auto-flip imagery – delivering crisp, detailed images and ensuring upright viewing angles in a variety of pipe conditions
- TruSense® technology offers high dynamic range (HDR) imaging and the TiltSense™ inclinometer – delivering valuable in-pipe information
- Compact and lightweight profile ensures effortless portability
- Built-in kickstand offers in-field versatility with multiple configurations for optimal operation
